Safety and Care Advice

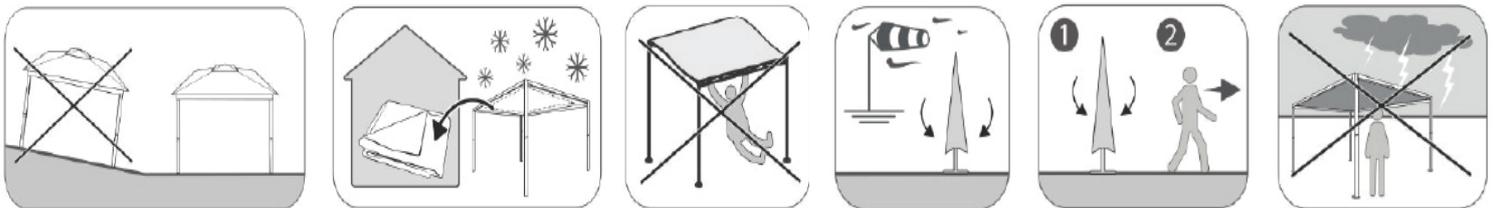

Important – Please read these instructions fully before starting assembly

- Check you have all the components and tools listed on page 3.
- Remove all fittings from the plastic bags and separate them into their groups.
- Keep children and animals away from the work area; small parts could be a choking hazard if swallowed.
- Make sure you have enough space to lay out the parts before starting.
- Do not stand or put weight on the parts during assembly, this could cause damage.
- Assemble on a level surface with a protective floorcovering, to prevent damage to both product and floor.
- Do not use power tools for inserting screws, as this could damage the product.
(Power drill is only recommended in the installation of G1 on page 8.)
- Dispose of all packing carefully and responsibly.
- Hand tighten screws during assembly to allow flexibility while building; once in place, tighten all screws fully with a hand screwdriver or Allen key where applicable.

User Guidelines:

- This product is intended for home and non-business use outdoors. Do not use this product if you have any doubts regarding its conformity with the intended use. Do not hang from the structure of this product. Keep this product away from direct flames.

Do not use this product in adverse weather conditions e.g. heavy rain, strong winds and thunderstorms

- Beware of the risks of pinching and shearing during installation
- The supplier declines all responsibility in the event of deterioration following any kind of inclement weather and improper installation.
- The watertight system, although efficient, is not designed to ensure a completely watertight veranda-type space.
- In the event of heavy rain or strong wind, waterproofing is not guaranteed.
- Do not leave furniture or pillows uncovered under the pergola.
- Before use, and if after heavy rainfall, drain excess rainwater from the roof .

Important

- Do not fully tighten all screws until assembly is complete.
- Assembly requires 2 adults.

Care Advice

Care and maintenance

• **Cleaning**

We advise using only mild soap and warm water, applied with a non-abrasive sponge, to both the frame and textile screens. Do not jet wash as this may damage the paint finish on the metal and the fabric on the screens. Do not use products containing bleach or harsh chemicals.

• **Winter storage**

Over winter months, or if the pergola will be unused for long periods of time, it is advised to remove the textile screens and store away in a safe, dry location.

Components - Parts & Fittings

Please check you have all the parts & fittings listed below

Note: The quantities below are the correct amount to complete the assembly. In some cases more fittings may be supplied than are required.

NO.	Picture	QTY	NO.	Picture	QTY
